FORESTRYSA PRESCRIBED BURNING PROGRAM STARTS

ForestrySA will commence prescribed burning of native forest in the Green Triangle Region from today, Wednesday, May 14.

A fuel reduction burn program is undertaken each year by ForestrySA. It seeks to provide fire protection and ecological diversity benefits in the native forests managed by ForestrySA. This year burns are planned in the vicinity of Kangaroo Flat, Caroline, Mount Burr and Nangwarry.

ForestrySA fire management staff will be in attendance at all burns. Members of the public can expect to see columns of smoke while the program is in progress.

Ends
