DIY ORIENTEERING

The Chalks Campground and Picnic Area is in the Mount Crawford Forest, location as indicated on the right hand edge of the above map. The two courses start in the middle of the purple triangle which is at the gate west of the main hut.

In the centre of each purple circle on the course, you should find the mapped feature plus a post with a 10x10cm orange / white orienteering symbol, the checkpoint number, and a double letter code to write in the correct 'control' box at right.

The Easy Course should be able to be run / walked in 20 to 80 minutes, and should be possible for 10 yr olds who have had a good grounding in the legend symbols, and in holding the map to match the mapped features, or to hold the map at the correct angle to the sun. It is helpful to fold and to hold the map with your thumb pointing to where you are on it, and in the direction of travel on map & ground.

The Moderate Course should be able to be run / walked in 30 to 90 minutes and a knowledge on how to use an orienteering compass could be helpful.

If you get lost head east to the fence and the bitumen road.
