

FORESTRYSA

STRATEGIC PLAN 2024 - 2027

OUR VISION IS TO BE A SUSTAINABLE AND RESILIENT FOREST ENTERPRISE THAT CONTRIBUTES TO THE SOCIO-ECONOMIC BENEFIT OF SOUTH AUSTRALIA.

SAFETY ○ **INNOVATION** ○ **SUSTAINABILITY** ○ **COLLABORATION**

STRATEGIC GOAL ONE

GREEN GROWTH

DRIVING REGIONAL ECONOMIC GROWTH

ACTIONS

1. Invest in the carbon economy to support South Australia's transition to net zero emissions by 2050.
2. Enhance the estate by maximising carbon sequestration opportunities.
3. Investigate the feasibility of a centralised wood fibre processing precinct to maximise fibre recovery.
4. Support targeted research, innovation and commercial investment.
5. Develop a nature-based tourism precinct overlay.

STRATEGIC GOAL TWO

FUTURE FOCUSED

THROUGH EFFICIENCY AND INNOVATION

ACTIONS

1. Investigate and implement a robust system and process to ensure efficient operations.
2. Develop a masterplan to protect, optimise and expand the estate.
3. Future-proof our data collection systems to maximise our forest management capabilities.
4. Review and optimise Community Service Obligation resourcing and delivery.

STRATEGIC GOAL THREE

FOSTERING SUCCESS

A SAFE, THRIVING AND EMPOWERED WORKPLACE

ACTIONS

1. Develop a workforce strategy to enable knowledge retention, staff development and career pathways.
2. Cultivate a respectful culture based on public sector values.
3. Explore partnerships to support training, development and succession planning.
